

OMEGA II FENCE SYSTEMS is always learning because our fences have been in school for years!

Styles offered can be used around a playground, rooftops, perimeter fencing, sports fields, generator enclosures or any other area of a school or higher education facility. You can get extra credit for removing chain link fencing and re-using the posts onsite with our Evolution panels! Don't worry, we did the math on the post spacing! Need a cheat sheet? Download our Omega II Fence Calculator app to find out the breakdown and cost of your fencing material.
